

BOOKWORM PENCIL TOPPER

This is a large size pencil topper. It can be made to fit a writing instrument wider than a regular pencil.

1. Cut out the templates.
2. Place them over felt shapes. Trace lightly with a pencil.
3. Cut out the felt shapes.
4. Glue the pieces together to look as shown.

Templates

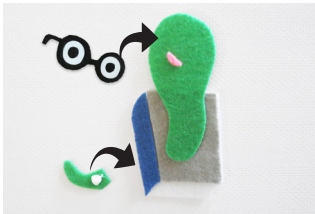

Instructions

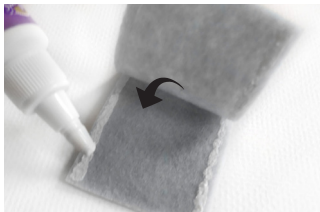

1. Cut out the template shapes.
2. Lay them over felt. Trace lightly with a pencil.
3. Cut out the felt shapes.

4. Glue the blue book spine and white book pages to the side and bottom of the grey cover as shown.
5. Glue the glasses together, then glue on the worm along with the mouth. Glue the tale to the back.

6. Glue book together leaving the bottom open to fit the pencil.
