### Totem Poles

Totem poles are created by native tribes of the Pacific Northwest Coast. Tree trunks are carved with animals which are made to honor their families and ancestors. Each animal has their own meaning. Animals are more abstract than realistic looking.

### Make It!

Use the template to make two animals, one sitting on the other!

1. Draw a face of an animal on the blank space.
2. Color in the drawing.
3. Put glue on the flap. Curve like a cylinder and attach.
4. Stand on a table. You can also glue around an empty roll of bath tissue.
